#### **4) Be part of troubleshooting: GSCN Non-PI-Meeting on 22 Sept in Ulm**

On the day before the GSCN conference we invite interested PhD Students and postdoctoral researchers to the GSCN Non-PI-Meeting in Ulm. The intention of the meeting without PIs is to establish a space of trust and troubleshooting for younger scientists. You will present each other your work and your data and have a whole day of discussion and networking. That includes sharing of troublesome aspects of your research, may that be technical questions, protocol issues, team problems or difficulties with your institute – the Non-PI-Meeting is the place to openly discuss this rather difficult side of your work and find inspiration by and solution with others at a similar stage of your career. Register along with your registration to the ➤ [8<sup>th</sup> Annual GSCN Conference](#). The GSCN is grateful to this years organizers of the Non-PI-Meeting: Verena Börger (Essen), Germán Camargo Ortega (Basel), Mehmet Sacma (Ulm), and Mona Vogel (Ulm)

The GSCN will cover the costs for an extra night as well as a dinner on 22 Sept. in Ulm. If you have any questions, please contact the ➤ [GSCN central office](#).
