

GSCN Newsletter, June 12, 2014

Dear GSCN members, friends and colleagues,

In this newsletter we would like to remind you of the upcoming abstract deadlines for the **GSCN conference 2014** and the **Fraunhofer Life Science Symposium 2014** and inform you about upcoming events the GSCN is involved in:

#### Call for abstracts - 2nd International Annual Conference of the GSCN

The **deadline for abstract submission and early registration** for the GSCN conference 2014 in Heidelberg is **July 31, 2014**. Abstracts can be submitted for poster and/or oral presentation. This year 38 young scientists (PhD students, postdoctoral scientists, non-tenured faculty) will have the chance to present their work in oral presentations during the sessions of the scientific working groups. Please note that the first author of the abstract is intended to give the presentation and that the presenter of the abstract should not be a tenured senior scientist. Please find detailed information in the **call for abstracts** attached and [here](#).

#### Fraunhofer Life Science Symposium Leipzig 2014: "Medicinal stem cell products"

Please note that the **deadline for abstract submission** for the 9<sup>th</sup> Fraunhofer Life Science Symposium Leipzig 2014 is coming up on **July 7, 2014**. The Symposium will be held October 9 –10, 2014 at the Fraunhofer Institute for Cell Therapy and Immunology and **GSCN members can register as member**. The **deadline for early registration** is **July 31, 2014**. Please find further information on the symposium [here](#).

#### GSCN Meet-UP at ISSCR Meeting 2014

The present members of the board and the coordinators of the working groups are looking forward seeing you at the **ISSCR Meeting** next week (June 17 – 21, 2014) in Vancouver, Canada. The GSCN will have a **Meet-UP Hub** on **Friday, June 20, 2014**, from 15:00 - 16:00 in the hub space "Singapore". If you are at the ISSCR meeting please stop by.

#### GSCN satellite meeting on neural stem cells in evolution

We are happy to announce that Elly Tanaka and Federico Calegari are organizing a **GSCN satellite meeting on neural stem cells in evolution** on **July 8, 2014** from 9:00 – 17:00 at the **International Congress on Stem Cells and Tissue Formation** (July 8 – 11, 2014). Please find the preliminary program [here](#).

#### GSCN satellite symposia Regenerative Medicine and Advanced Therapy Medicinal Products

The GSCN is organizing a **satellite symposium on regenerative medicine** on September 10, 2014 at the **47th DGTI Annual Meeting**. Furthermore in collaboration with the European Medicines Agency and the DGTI the GSCN is organizing the Workshop **Advanced Therapy Medicinal Products (ATMP)**: How to bring cell-based medicinal products successfully to the market on September 11, 2014 from 8:30–13:30 in Dresden. Please find detailed information on [www.dgti-kongress.de](http://www.dgti-kongress.de) and [here](#).

#### Joint Satellite Symposium on Neural Stem Cells

The **2nd International GSCN Annual Conference** will be followed by the **6th Symposium of BMBF funded groups in neurosciences on neural stem cells, November 5 - 6, 2014** at the DKFZ in Heidelberg which is organized together with the GSCN. Participants of the GSCN conference 2014 can participate in the satellite symposium **free of charge**. Please find further information and the program [here](#).
